Week 4: Client Meeting #2

- Login considerations again - **QR Code LOGIN**
- Online status? not necessary - not sure of relevance to conversation!
- gif/ emoji integration will be very useful - great response to my sugesstion
- who creates events?
- organisational tool for clients
- consider refactoring for future students & upgrades
- Face of buildings - street view perhaps?
- MAPS & Directions **DONT WORK FOR CLIENTS**
- "Child proofing" - wordpress theme was under "kids mode"
- Top Three Takeaways:
  - QR Login
  - Privacy - minimal data capture
  - Maps notoriously don't work in these communities
